

Key Indicator - 7.2 Best Practices

Metric No.	
-------------------	--

Best Practice I

1. Title of the Practice:

Best Reader Award

2. Objective of the practice:

Attract students towards library: the world of knowledge.

3. The Context :

Shankar Narayan College of Arts and Commerce has huge collection of books in the college library. The college primarily and purely offers Courses and Programmes in Commerce, Accountancy and Economics except Political Science, History and Economics in Arts section. It has been prominently noticed that the students' access to library is limited to Textbooks and the huge range of reference books, encyclopedia, and other relevant literature is not accessed. To counter this issue and inculcate love for reading the college library has introduced Best Reader Award a decade ago.

4. The Process:

The college library maintains record of students who visit library, reading room and the books they have borrowed from the library. The library committee scrutinizes the said details at the end of the year and finalizes a name for the Best Reader Award. The criteria for this award are visit to library and reading room, the range of books accessed during the academic year and his or her behavior in the library and with the staff of the library. Even suggestions are invited from the teachers for the same.

5. Evidence of Success:

Best Reader Award Since 2011-12

S.N.	Name	Class	Roll No.	Year
1	Ravi Baburam Patawa	TYBA	68	2011-2012
2	Deepika Shyamsingh Rajpurohit	TYB.Com	372	2011-2012

3	Kiran Lubde	Ty B.Com		2012-2013
4	Madhu Singh	TYBA	57	2012-2013
5	Sachin Karutale	TYBA	31	2013-2014
6	Prajakta Bhujbal	TYBA		2013-2014
7	Bhairaja Paithankar	TYBA		2014-2015
8	Sunita Saini	TY BA		2014-2015
9	Sanju Singh	TY BA		2015-2016
10	Kavira Mhaske	TY BA		2015-2016
11	Suhas Shriram Jaiswar	TY BCOM		2016-2017
12	Devyani Tiwari	TY BA		2016-2017
13	Vaibhav Vijay Panchal	TY BA	42	2017-2018

17	Sagar Raju Jaiswal	SYBA	28	2022-2023
18	Sadhana Indrasan Gupta	FYBcom	166	2022-2023

Best Practice II

1. Title of the Practice:

Pradhanmantri T. B. Mukht Bharat Abhiyan, Govt. of India (Prime Minister T. B. Free Mission)

2. Objective of the practice:

Providing Financial Assistance to Tuberculosis Patients

3. The Context

The college has had a history standing for all the social causes. Whether its floods, famine, pandemic like Covid 19, the college has financially helped the affected. Now we have taken up the cause of T.B Patients.

Tuberculosis (TB) is a disease caused by germs that are spread from person to person through the air. TB usually affects the lungs, but it can also affect other parts of the body, such as the

brain, the kidneys, or the spine. A person with TB can die if they do not get treatment.

Pradhan Mantri TB Mukh Bharat Abhiyan, Nishay 2.0, is a campaign to mobilize and render community support for persons with TB. The aim of the campaign is to eliminate TB by 2025. Under this campaign, any person, any representative or organization can adopt TB patients and the adopted patients will be taken care of. The NIKSHA 2.0 portal provides additional patient support to TB patients to take advantage of Corporate Social Responsibility (CSR) opportunities to improve treatment outcomes, enhance community participation and fulfill India's commitment to TB eradication by 2025.

4. The Process

The said scheme is implemented by the various government establishments like Municipal Corporations. The college had correspondence with Mira Bhayander Municipal Corporation and the college conveyed the willingness to be a part of Pradhanmantri T. B. Mukh Bharat Abhiyan, Govt. of India (Prime Minister T. B. Free Mission). The corporation happily allotted the college 40 T.B. patients. Meanwhile, the NSS Unit approached the college management for the financial assistance for the said 40 patients. The college management, with largesse heart, sanctioned the amount of Rs. 1,20,000 for the same. As per the guidelines of the Central Government and Mira Bhayander Municipal Corporation we assisted the 40 patients with Jawar, Moong Dal, Edible Oil Eggs and Milk Powder for months in four installments, as the four months is the total recuperation period of this disease.

5. Evidence of Success:

The college conducted a programme for the same in Pravin Patil Polytechnic Auditorium and distributed the nutritious food items listed above and it continued in four installments. After the four installments of food items, all patients recovered from the fatal disease Tuberculosis.

6. Problems encountered and resources required

The only problem was the contact because Tuberculosis is a fatal contagious disease that spread because of the contact of the patients. The college with assistance of the Medical Team of Mira Bhayander Municipal Corporation took all safety measures.

Best Practice II

Pradhanmantri T. B. Mukta Bharat Abhiyan, Govt. of India (Prime Minister T. B. Free Mission)
