### **Preface**

India is experiencing a surge in entrepreneurial endeavors. For young minds planning to start their businesses or manage family businesses, a deep understanding of accounting principles is vital for financial management, decision-making, and ensuring the growth and sustainability of their enterprises. Accounting serves as the cornerstone of commerce education. It is the language of business and forms the basis for understanding financial transactions, records, and statements. Learning accounting is fundamental for students pursuing careers in commerce. Many commerce learners aspire to become Chartered Accountants (CAs), Cost and Management Accountants (CMAs), or Company Secretaries (CS) in India. A strong foundation in accounting and financial management is a prerequisite for pursuing these prestigious and highly regarded professional qualifications. The present course designed imparts a foundation of knowledge and skills that are not only pertinent to academic success but also invaluable for successful careers in the complex and dynamic business landscape of India. Whether students aim to become accountants, opt for administrative services of government, entrepreneurs, financial analysts, or professionals in any related field, this course provides the necessary tools to excel in their chosen paths while contributing to India's financial stability.

### **Aims and Objectives**

CO1	To recognize the fundamental accounting concepts and conventions in financial reporting and understand its applicability.
CO2	To articulate the applicability and valuation of selected Accounting Standards.
CO3	To ascertain the process of preparation of final accounts for a proprietary manufacturing firm.

### **Learning Outcomes**

LO1	The learner will be able to identify and explain the various accounting concepts and conventions applicable to the accounting system.
LO2	The learner will be able to identify, summarize, distinguish the purpose of policies and compute the valuation of inventory as per Accounting Standards 2
LO3	The learner will be able to calculate the profit/loss of the manufacturing firm and prepare its final accounts.
