“In my father's opinion it wasn't necessary for me to seek employment since he was a proud sole 'breadwinner' for our family. But when I landed a job with HDFC Securities, I was surprised that he took the news positively and encouraged me to work hard at the job. I feel proud of the fact that I can now pursue my personal goal of moving into a new house as well as contribute to the family financially.”

- Umerah Faridi,
HDFC Securities ”

“We observed that students trained and hired through TechnoServe, come with higher level of communication skills, personal need and determination to work which is reflected in their retention rate, compared to fresh graduates hired from other avenues.”

- Amit Nayar, Senior Operations Manager,
Datamatics ”

“TechnoServe's Youth Employability Program brings out the hidden potential of these students and provides immense help to the colleges in terms of placements. I personally witnessed a behaviour change and personality improvement in many of our girls. The program has created a good interactive platform, where they are given excellent training and support towards shaping their career. SNTD Matunga is looking forward to this collaboration in the coming years.”
