- Specific provisions for the reservation in services, in favour of the members of the scheduled castes and scheduled tribes, have been made in the Constitution of India are as follows :

Article 16(4) - Equality of opportunity in matters of public employment - Nothing in this Article shall prevent the State from making any provision for the reservation of appointments or posts in favour of any backward class or citizens, which, in the opinion of the State, is not adequately represented in the services, under the State.

As per article 335, the claims of the members of the Scheduled Castes and the Scheduled Tribes shall be taken into consideration, consistently with the maintenance of efficiency of administration, in the making of appointments to services and posts in connection with the affairs of the Union or State.

The main objective of providing reservation for Scheduled Castes and Scheduled Tribes in Government services is not just to give jobs to some persons belonging to these communities, and thereby increase their representations in the services, but to improve the status of these people socially and educationally so that they can take their rightful place in the mainstream of society.

To ensure the effective implementation of the reservation policy in admission, recruitment, allotment of staff quarters, Hostels etc., the UGC has been encouraging establishment of SC/ST Cells in the Universities.

The Commission is providing financial assistance to the Universities for the establishment of Special Cell for SC/STs. The purpose of these Cells is to help the universities in implementing the reservation policy with regard to the admission of students and the recruitment of teaching and non-teaching staff at various levels. Its function is also to help the SC/ST categories to integrate with the mainstream of the university community and to remove difficulties, which they may be experiencing.
