This document constitutes a Memorandum of Understanding (MoU) between Ashwattha Advisors Private Limited (AAPL) and Shankar Narayan College of Arts and Commerce

Background

Ashwattha Advisors Private Limited (AAPL), which is a wholly-owned subsidiary of TechnoServe Inc. is conducting a "Campus to Corporate Careers (C2C) Program" for enhancement of employability and workplace skills for deserving youth.

1. In this connection, AAPL intends to be associated and work closely with **Shankar Narayan College of Arts and Commerce** to conduct employability training and career counseling sessions for the final year college students. This will include activities through the year, till students complete 10 months after their final year examinations. Features of the program are as follows
2. 80 hour program including Personal effectiveness (goal setting, interpersonal relations), Finance, Professional effectiveness (how to choose right career option, how to write CVs, cover letter- etc.), Business communication (effective communication with customers), Career Readiness (orienting students to jobs matching their skill sets and exposure to a career path) and Work Readiness (Professionalism, Work Ethics, Email Etiquettes, Workplace dynamics – etc.)
3. 80 hours of training will be delivered in class and few hours of additional training will be available to students on TechnoServe's proprietary online learning platform. The program also includes individual student counselling during the program, post training, pre-placement and also post placements.
4. There is no cost for students to attend the above mentioned training.
5. Each training batch size will be a maximum of 50 students. Sessions of duration 2 hours each to be conducted 5 days per week. Trainings to be conducted for 2 or more batches in one day through one TechnoServe trainer.
6. Counselling support is available on training days for providing career guidance to students who are enrolled in this program.
7. Students will be provided a certificate on successful completion of course with minimum attendance criteria of 90%.
8. Students will be further supported in job interviews and placements from the time of training completion till they are placed i.e. 6-10 months after their training is complete.
9. College is expected to support the successful training and placements of all students, should they take up this service with TechnoServe.

For this purpose, AAPL requires support of the college in the following areas:

1. Facilitating discussions and engagement with the 2019 current third year degree students and 2018 graduates wherever feasible. This involves the following:
 - a. Assistance in batch scheduling with ongoing final year classes.
 - b. Support in allocating batches (of 45-50 students approximately) per trainer for optimum utilization of resources and training effectiveness.
2. Infrastructure support for the following:
 - a. Training facility (a training room where 50 students could be trained). Training methodology requires some space in the middle of the room for conducting student activities.
 - b. Space for the career counsellor/ trainer who would be available in college on days of training.

- c. Availability of classroom to conduct refresher sessions as and when required.
- d. Projector and speakers on need basis which are required to conduct few video based sessions.
- e. Require college support to conduct a Parent engagement session in the college premises.
- f. Provide 100-200 students for training whom TechnoServe will screen.

Upon a request by AAPL for this support, **Shankar Narayan College of Arts and Commerce** has agreed to support and provide the appropriate assistance to AAPL, as mentioned below.

Based on the above, this MOU lays out immediate next steps to be taken by both parties.

AAPL agrees to -

1. Conduct Orientation sessions to make students are aware about the program and register their interest.
2. Engage with students and form batches based on selection criteria for conducting the training program.
3. Conduct the Campus to Corporate Careers Program in College premises.
4. Provide career counselling support to students enrolled in this program.
5. Facilitate further linkages with vocational training partners and employers for interested students.
6. Bi-weekly placement reports and monthly placement reports of students linked to job opportunities will be provided to the college once placement activities commence.
7. Helpline facility will be provided to the students to address their queries during training, post training and post placement.

Shankar Narayan College of Arts and Commerce agrees to -

1. Make classroom(s) available to train students in batches of 45-50, which should be ideal to cover 2 batches per day. If more students express interest for this period, we may create another batch after this batch. The classroom should be equipped with board and AV system when required.
2. Make table space available for career counseling.
3. Providing one contact point who could be approached for any support (student engagement) related to this program.
4. This MOU is neither a contract, nor is it legally binding in any way, nor does it commit any financial expenditure from or for either party.

Dear Sir / Madam,

Subject: BFSI Training with Placement Assistance at Zero Cost

Greetings from Kotak Education Foundation (KEF)!

It is a pleasure for us to be writing to you. KEF is the CSR initiative of **Kotak Mahindra Bank** and has been active in Mumbai for the last many years. KEF has various interventions through which it has been making a tangible difference in the lives of people from the economically backward sections of society. Our mission is to have a sustainable process to support youth from underprivileged families with training interventions so as to empower them to be employable and rise higher to lead a life with dignity.

Kotak Unnati is one of the community based interventions of KEF. It is a livelihood program to train and mentor Indian youth in the age group of 18-25 years. Over the last 13 years, we have trained more than 12,600 young Indians and have placed them in various organized sector jobs across industries.

Kotak Unnati has initiated for BFSI skill development a program in Mumbai. Details are as follows:

- A 3 - month program for TY students and Graduates which is zero cost for the participants and provides a dual certification (KEF & NIIT).
- The program includes BFSI domain, Personality Development, IT and English speaking training to equip the youth with the necessary professional and other relevant skills required.
- 100% placement assistance by KEF to all eligible participants to secure a job and embark on a sustainable livelihood journey (subject to completion of their graduation).
- This program is for TY students and Graduates in the age group of 20 to 25 years with a monthly family income up to Rs.10,000/- (or per capita monthly income of Rs. 2500/-).
- To make it convenient for your students, the program will be conducted at your college premises itself for which KEF will require your college to allot a 50 – 60 seat classroom for 4 hours a day with projector and audio facility and an IT room for the hours related to IT training.

Dear Ms. Varita,

Please find the attached placement status sheet of aspirants referred by S.N.College in various domains .

Many of the aspirants have deferred due to non interest in sales profile, travel issues, Covid Fear in spite of being given multiple opportunities. Most of the candidates who want placements at later stages have migrated.
