	Date of approval of appointment by the University in the present College.	NA
iv)	Total teaching experience at the college level.	10 Years 4 months of which _____years _____months as Tutor/Demonstrator/Method Master.

III. Contribution in teaching methods.

i) Teaching Methods:

As an IT teacher, I employ a variety of teaching methods to engage and educate university students effectively. These methods include lectures, tutorials, hands-on demonstrations, use of Projector, group discussions, youtube video presentation and the integration of real-world case studies. I also incorporate modern technology and multimedia resources to enhance the learning experience and keep students actively involved.

ii) Evaluation Techniques:
In terms of evaluation techniques, I utilize a well-rounded approach. This includes traditional assessments such as quizzes and exams, but I also incorporate practical projects and assignments that require students to apply their knowledge in real-world scenarios. Additionally, I provide constructive feedback to help students understand their strengths and areas for improvement.

iii) Course Development:
I actively contribute to course development by staying updated with the latest trends and advancements in the IT field. I regularly review and update course materials to ensure they align with industry standards. I also seek feedback from students to refine and improve the course content, making it more relevant and engaging for their learning needs.

i)	Subject taught and faculty	Microprocessor Architecture, Digital logic & Applications, Internet of Things.
ii)	Designation	Asst. Professor
iii)	Date of joining the present college	06th January 2022
	Date of approval of appointment by the University in the present College.	
iv)	Total teaching experience at the college level.	7 Years 7 months of which _____years _____months as Tutor/Demonstrator/Method Master.

III. Contribution in teaching methods.

i) Teaching Methods:

As an IT teacher, I employ a variety of teaching methods to engage and educate university students effectively. These methods include lectures, hands-on demonstrations, Projector, group discussions, and the integration of real-world case studies. I also incorporate modern

technology and multimedia resources to enhance the learning experience and keep students actively involved.

ii) Evaluation Techniques: In terms of evaluation techniques, I utilize a well-rounded approach. This includes traditional assessments such as quizzes and exams, but I also incorporate practical projects and assignments that require students to apply their knowledge in real-world scenarios. Additionally, I provide constructive feedback to help students understand their strengths and areas for improvement.

iii) Course Development : I actively contribute to course development by staying updated with the latest trends and advancements in the IT field. I regularly review and update course materials to ensure they align with industry standards. I also seek feedback from students to refine and improve the course content, making it more relevant and engaging for their learning needs.
